

# **WE CAN BEAT, DEFEAT COVID 19**

**by Ben Stiefel**

(chorus)

We can beat, defeat covid-19

If everyone does their part

We can beat, defeat covid-19

Now's the time to start

Beat, defeat covid-19

By taking action every day

'Cause when we make our school safe for everyone

We'll all cheer, hip, hip hooray

(verse)

This virus can be found on many surfaces

like paper, plastic, metal and more

So after touching things that might have been exposed

Wash your hands with soap, with lather galore

repeat chorus

(verse)

When you cough or sneeze, use a tissue or your sleeve

We all know, it's the right thing to do

'Cause when your cough or sneeze travels through the air

You're spreading germs, you know it's true

(bridge)

Keep your distance at work and play

At least six feet, that's the safest way

To keep us all healthy and virus-free

'Cause a safe school starts with you and me

repeat chorus

Hip, hip hooray - Hip, hip hooray - Hip, hip hooray

Beat, defeat covid-19 today
